Design specifications
- Color(s): White

Technical specifications
- Wattage: 14 W
- Humidification capacity: 150 ml/h
- Operation time: 8 hour(s)
- Water tank capacity: 1.3 l
- Noise level: 27 - 40 dB
- Voltage: 220-240 V

Weight and dimensions
- Product weight: 1.36 kg
- F-box weight (incl. product): 1.72 kg
- Product dimensions (W x D x H): 162 x 198 x 308 mm
- F-box dimensions (W x D x H): 355 x 225 x 225 mm

Logistic data
- Country of Origin: China
- 12 NC (China): 883 4706 01710
- EAN F box (China): 69 2341073286 3

Replacement
- Humidification filter: Replace HU4136 every 3 months

Highlights

Healthy air protect lock
When the water tank is empty and needs to be refilled, the healthy air protect lock shuts off the humidifier and a red indicator lights up telling you that the humidifier has stopped.

Dual humidification speed
Choose between silent and standard humidification to allow maximum flexibility.

Advanced evaporation system
This Philips Air humidifier offers a three-stage advanced evaporation system. Stage 1: the absorbent filter on the humidifier catches big particles such as human/pet hair and dust when drawing in the dry air. Stage 2: the advanced evaporation technology humidifies the air by adding water molecules to the air and does not carry bacteria or scale. Stage 3: healthy air gets blown out of the humidifier at a constant speed, delivering comfortable, healthy air humidification in your home.

Comfortable humidity
Evenly distributes humidified air around you. Lets you breathe healthy humidified air at home and at the office providing comfort for your skin.

Easy-to-clean design
Cleaning humidifiers inside and out – especially the water tank – has never been easier.

Easy-to-fill water tank
2 ways of filling water tank: you can bring water in a cup and fill the tank locally after removing the tank's top cover or you can take the water tank to the closest tap in your home.
